(b) and (c) The Pre-conception and Pre-Natal Diagnostic Techniques (Prohibition & Sex Selection) Act, 1994 is implemented by the States/ Union Territories through the Appropriate Authorities appointed at the State/ Union Territory and district/sub-district level. As per the reports received from the States/Union Territories, 28422 clinics/units have been registered and 384 cases are filed in various courts as on 30-04-2006. One of the problems is that the service seekers and the service providers work in collaboration to defeat/circumvent the provisions of the law and there is no complainant.

(d) and (e) The Government has been issuing instructions from time to time to the States and Union Territories to strictly implement the Preconception and Pre-Natal Diagnostic Techniques (Prohibition of Sex Selection) Act, 1994 and the Supreme Court Directions in this regard. The States/Union Territories have been asked to keep financial provision for implementation of the Pre-Conception & Pre-Natal Diagnostic Techniqes Act in their implementation plans funded by Government of India. A Montoring and Support Cell has been established which will work in coordination with the Appropriate Authorities to help them in booking the wrongdoers indulging in sex determination of the foetus. The State like Delhi has started auditing of medical establishments by an independent Committee to find out indirect evidences of violations of the provisions of the Law.
